Attorney Docket No. 24286-705

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

In re Application of:

Applicant: Awele Ndili

Patent No. 6,950,881

Issued: September 27, 2005

For: System for Converting Wireless  
Communications for a Mobile Device

**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT  
FOR OFFICE MISTAKE (37 C.F.R. 1.322)**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450  
ATTN: Certificate of Correction Branch

Certificate  
OCT 14 2005  
of Correction

Sir:

1. It is noted that an error of a minor nature or character appears in this patent due to a mistake on the part of the U.S. Patent and Trademark Office, as more fully described below. Correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination. A certificate of correction is requested.

2. Attached hereto, in duplicate, is Form PTO/SB/44 (PTO-1050), with at least one copy being suitable for printing.

3. The exact pages and line numbers where the errors occur in the application file are as follows:

(a) page 1 (title page), item number (60) "Related U.S. Application Data" – Non-provisional application No. 09/513,554, filed February 25, 2000, was omitted from the paragraph.

OCT 17 2005

(b) column 1, following the "Related Applications" heading - this paragraph reflects an incorrect claim of priority.

4. On October 10, 2000, the patent application for the instant U.S. Patent was filed claiming priority as stated in the introductory paragraph of the specification to the following: U.S. Provisional Application No. 60/163,115, filed November 2, 1999, Serial No. 09/513,554, filed February 25, 2000, and U.S. Provisional Application No. 60/204,502, filed May 16, 2000.

5. On December 1, 2000, a Filing Receipt was mailed containing incomplete information in the field entitled "Continuing Data as Claimed by Applicant." In particular, Serial No. 09/513,554 was omitted.

6. On January 18, 2001, an attorney of record filed a "Completion of Filing Requirements – Nonprovisional Application" that included a corrected priority claim to Serial No. 09/513,554. A declaration under 37 CFR 1.63 was also timely submitted and executed by inventor Awele Ndili on January 2, 2001. This inventor declaration again correctly reflected a claim of priority that included Serial No. 09/513,554.

7. On November 4, 2004, an Amendment under 37 CFR 1.312 was filed after the Notice of Allowance requesting once again correction of the claim of priority to include a reference to Serial No. 09/513,554. (Attached) Based on discussions with the Examiner, it was apparent that PTO records still failed to correctly and completely state the claim of priority despite previous efforts.

8. On June 29, 2005, a Response to Rule 312 Communication was mailed indicating that the Amendment filed on November 4, 2004 had been considered and entered. (Attached)

9. On September 27, 2005, the instant U.S. Patent was issued with an incomplete claim of priority. Again reference to Serial No. 09/513,554 is missing from the front page field entitled "Related U.S. Application Data."

10. Accordingly, the present Request for Certificate of Correction is respectfully requested to timely correct the claim of priority for the instant patent.

11. Please send the Certificate of Correction to:

U.P. Peter Eng  
WILSON SONSINI GOODRICH & ROSATI  
650 Page Mill Road  
Palo Alto, California 94304-1050

12. No fee is believed to be due in connection with this request, since the error was on the part of the U.S. Patent and Trademark Office, and was not due to any erroneous submission, or omission, by Applicant.

The Commissioner is authorized to charge any additional fees which may be required, including petition fees, or credit any overpayment to Deposit Account No. 23-2415 (Attorney Docket No. 24286-705).

Respectfully submitted,

WILSON SONSINI GOODRICH & ROSATI
